Technical Skills

- **Programming Language:** Java,HTML,CSS,Javascript
- **Tools & Platform:** Figma,VS Code, Github,Vercel,Netlify,Render
- **Frameworks & Libraries:** React, Sass, Tailwind css (Basics)

Experience

● Frontend Developer - Codebell

- Tech Stack : Figma, HTML,CSS, javascript,Web component HTML,Responsive web design
- Codebell Main Page: I designed the clean and intuitive frontend for the Codebell main page, focusing on a visually appealing layout and **seamless navigation**.
- Currently Working on **Worksetu**: I am actively enhancing the Worksetu frontend, collaborating closely with the team to implement new features and improve the user experience.

● Web Developer - Tech Amico - All About IT Services

- Tech Stack: HTML, CSS, Github
- I added captivating animations to Techamico's main page, enhancing the user experience with dynamic visual elements. Additionally, I developed the frontend of a matrimonial site, featuring a **responsive design**, a comprehensive form, and a **user-friendly** interface similar to popular platforms like **Shaadi.com**.

Project

● Codebell - Revolutionize Communication

- Live preview: <https://vishnusharma7.github.io/codebell-revolutionize-communication/home.html>
- Tech Stack: HTML, CSS, Javascript
- Implement multiple pages contact, about , blog with stunning fluid responsive
- Use subtle animations or transitions when switching between **light** and **dark modes** to create a smooth user experience.
- **Insta Graph API** used for real time update content
- Design **pop-ups** to blend seamlessly with the dark mode theme and maintain focus management during theme transitions.
- Applied **responsive design** principles for a consistent experience **across devices**.

● Personal Portfolio:

- Live preview: <https://thevishnusportfolios.netlify.app/>
- Tech used: HTML,CSS,JAVASCRIPT
- Clean Code, Scrolling animation **Email.js** ,Animated font used, User also get response mail after submitting request.
- For deployment **Netlify** is used
- User Experience **8+** Theme in one single page

Education

● Secondary Education

- Andal Mahabir High School
- Year: 2018

Percentage: 81.85%

● Higher Secondary Education

- Asansol Eastern Railway High School
- Year: 2020

Percentage: 87.4%

● Graduation

- Asansol Engineering College
- Stream - Information Technology
- Year: 2020-present

CGPA:9.3 (upto 6th sem)
